tion of forests under the Scheme "Development of infrastructure for protection of Forests against Biotic Interference".

(4) The Government of India have also started financial assistance to State Govts, for protection of forest against fire under the scheme 'Modern Forest Fire Cofitrol Methods'.

(5) The Government of India have also issued a circular on 1st June, 1990 to encourage people's active participation in development and protection of degraded forests.

(6) Guidelines have been issued to State/UT Govts, from time to time for protection of forests. Some of these guidelines are as given below *i*

(i) To aviod felling of natural forests and where such fellings are inevitable for restoration of crop or other silvicultural considerations, it should be restricted to an area not exceeding 10 hectares in the hills and 25 hectares in the plains.

(ii) To consider banning of felling of green trees in the hills above 1000 metres, at least for some years.

(iii) To set apart 4% of geo-graphical area as protected area under Wildlife Sanctuaries, National parks and Biosphere reserves.

(b) Yes, Sir.

(c) Exploitation of trees in reserved Forest above 1000 metre altitude is completely stopped in the region. Plantations were done in the area during 1983-88.
